Our areas of expertise

Corporate Video:

Whatever your video production needs; Shaw Street Productions delivers exceptional customer service, excellent quality work and results that keep our clients coming back.

Digital Signage:

Our Digital Signage solutions experience puts the power of digital technology to work for you - with a complete suite of support solutions. From the initial planning with your team to designing and implementing your project.

Real Estate Videos:

Shaw Street helps builders, developers, managers, and brokers achieve and maintain a competitive advantage. We offer expertise in developing audio/video and multimedia services for your presentations.

CD/DVD Production:

We utilize an integrated production approach. For our customers this means a one-stop location with the highest possible levels of performance and quality.

Print Design:

We are a full service Design Studio offering creative, professional Graphic Design services. From concept to completion Shaw Street Productions offers highly creative Print Design with exceptional customer service and excellent quality work.

New Media/E-Learning:

Shaw Street has a wealth of experience and is an industry leader in creating New Media and E-Learning including integrated voice over, audio, text based slide presentations, and interactive web based activities and quizzes.
